

General Notice – Change Notification

From: Northeast Laboratory Services, Media Manufacturing Quality Assurance Department

Notice Date: 2023-04-05

Dear Valued Customer:

Northeast Laboratory Services (NEL) is sending this notification to alert you of a component change regarding the following products that contain Brilliant Green Agar.

P1092	P1752
P1103	P1753
P1104	P3711

Due to procurement delays, NEL has approved and will be utilizing Brilliant Green Agar (Modified) as a back-up to Brilliant Green Agar. Quality Control testing for Brilliant Green Agar (Modified) will remain the same with the same expected outcomes listed on the product Certificate of Analysis for Brilliant Green Agar. NEL is issuing this Change Notification in accordance with established procedures to alert our customers who purchase finished goods that may be impacted by this temporary change. Finished products in plates that are packaged on or after **2023-03-30** may be impacted.

If you have any questions or concerns, please reach out to your Customer Service Representative or our Quality Team. We are confident that this change will not impact on the integrity of the final product.

Sincerely,

A handwritten signature in cursive script that reads 'Devin Bell'.
