General Notice- Change Notification

September 2019

This is to notify customers of a component change at Northeast Laboratory Services.

In an effort of continuing quality improvement, Northeast Laboratory Services will be discontinuing a vessel and cap combination. This discontinuation is to increase the security of the product, reduce leakage, and to improve the overall quality of the products affected. The vessel being discontinued is our 8 oz paragon bottles with 53M metal lug cap. This discontinuation will not affect the availability of any products manufactured by Northeast Laboratory Services. The products affected are listed below and will now be offered in an 8 oz paragon glass bottle with a 58mm screw cap.

B1190	D/E Neutralizing Broth – 90 mL
B1225-USP	MacConkey Broth – 90 mL
B1263	EE Broth (Mossel) – 100 mL
B1425	TAT Broth – 99 mL
B1425-NSB	TAT Broth – 99 mL
B2025	Tryptic Soy Broth – 90 mL
B2028	Tryptic Soy Broth - 100 mL
B2034	Tryptic Soy Broth – 125 mL
B2118	Tryptic Soy Broth with Lecithin and Polysorbate 80- 100 mL
B3250	2X Lustral Tryptose Broth with Durham Tube
B4110	Fluid Thioglycollate with Indicator

This change will be effective 2019-09-11. As we work through current inventory, customers may receive products with the discontinued lug cap. Northeast Laboratory Services appreciates your patience during this transition.

Northeast Laboratory Services is not changing any processing, manufacturing or quality testing procedures. This change will not affect the performance or quality specifications of the media. Only products listed above are affected. Northeast Laboratory Services always strives to provide its clients with the highest quality product, and will continue to do so with continuing quality improvement.

Sincerely,

A handwritten signature in black ink, appearing to read 'Abby Tripp', is written over a light blue horizontal line.

Abby Tripp
Director of Quality.
