General Notice- Change Notification

February 07, 2019

This is to notify customers that Northeast Laboratory Services has initiated a change in its labeling of products not used in diagnostic procedures. Products that were labeled as “Laboratory Use Only” will now be labeled as “Not for in vitro diagnostic use”. This does not change the intended use for these products.

This will be in effect on February 11th, 2019.

These products are still manufactured to the highest quality standards. No changes have been made to the raw materials or the manufacturing processes of these products.

Sincerely,

A handwritten signature in black ink, appearing to read 'Abby Tripp', with a large, sweeping flourish at the end.

Abby Tripp
QA/QC Regulatory Supervisor
